A. Call Selectboard Meeting to order and Pledge of Allegiance

1. Chair Whitney Cunliffe called the meeting to order at 5:30.
2. Town Manager's Report: Nick reported that a weekend police incident was handled appropriately in coordination with the Attorney General's Office and thanked officers for their service, encouraging residents to remain vigilant. He noted that the fire chief had left the meeting to respond to a vehicle rollover and thanked the fire department for their continued response to numerous safety and medical calls. Regarding the church-operated homeless shelter, Nick clarified that the town's involvement is limited to addressing life safety code violations and encouraged residents to approach the issue with compassion toward vulnerable individuals.
3. Department and Committee Reports:
Police Department – Chief Bucknam: Thanked residents and local businesses for their strong support of the police department following the weekend incident, noting the positive impact on officers and their families. He reported continued traffic enforcement efforts, including addressing excessive speeding on Madison Avenue and Middle Road. He also clarified that a recent Border Patrol operation in town was not a Skowhegan Police operation, involved no ICE agents, and that he was present to ensure public safety.

Highway Department – Jason Finley: Addressed the previously discussed removal of the Red Bridge Removal. Town Manager, Nick explained that although the board had selected a contractor in June, the decision was not properly reflected in the minutes and required formal action for clarity and transparency. He recommended accepting a \$38,500 quote from Bonneau & Son Excavation, noting the contractor is local and

within \$500 of the lowest bid, consistent with the town's purchasing policy. It was also stated that the Town of Canaan is expected to cover half the cost and would confirm funding before proceeding. Jason reiterated the importance of winter removal due to debris recovery from the ice.

Motion to authorize Jason Finley to proceed with the Red Bridge removal project with Bono & Sons Excavation in the amount of \$38,500. *Motion by Amber Lambke, seconded by Kevin Nelson. Approved 5-0.*

Jason's final announcement was a note that posting of heavy load road limit signs will be posted at the end of the month and advised residents to complete any hauling before restrictions take effect, as loads will not be permitted once limits are in place.

Town Clerk – Gail Pelotte: Informed the board that she will be contacting residents who still owe 2024 property taxes, as the foreclosure deadline is Monday, February 23. She noted that tax payments have been slow and that notices have been mailed, though mail delivery times may vary. She also shared that at the next meeting the board will formally set the date for the town meeting and municipal election, which coincides with the state primary. At that time, she expects to announce when nomination papers will be available.

Transfer Station – Cindy Kirk: Shared that she was out much of January due to health issues and thanked Nick for checking in on her. She praised her staff for keeping operations running smoothly in her absence. She reported that operations are going well, cardboard intake is increasing, and the downtown trailer is working effectively and being emptied regularly. She is still seeking a suitable location for a second trailer and invited suggested locations.

Economic Development – Bryan Belleveau: Reported that the municipal building stair shoring project is underway, with support beams delivered and staged. The stairwell will remain closed through the end of the week. Due to the building's age and engineering specifications, adjustments can only be made a quarter inch per week, making the project an estimated 9–10 week process. He also shared that the town has transitioned to a new phone service contract to save several thousand dollars annually. The public safety and municipal buildings are now online, with remaining departments scheduled for completion the following day.

Lastly, he noted that the Masons Lodge project, funded through a TIF grant, is underway. An inspection is scheduled before releasing grant funds, and approved checks will be held until work is completed and verified.

4. Conflict of Interest Disclosure: None declared by Selectboard Members.
 5. Selectboard Items: Amber Lambke acknowledged the many ongoing challenges in town, noting that the current events can feel overwhelming for residents and staff. She expressed sympathy for those affected by violence and loss, emphasizing the importance of open communication and community support in maintaining resilience and humanity. She concluded by encouraging everyone to take care of themselves and each other. Fellow selectboard concurred.
- B. Items by the Public – Randy Gray, former Code Enforcement Officer for Skowhegan, began by expressing support for the police department, acknowledging the difficulty of the weekend incident and the impact on officers and their families. He then addressed the church-operated shelter, emphasizing that the building was never intended to house families—it was never approved for residential use. He cited multiple safety violations, including lack of proper fire suppression, hardwired smoke detectors, and commercial cooking in a non-commercial space. Randy stressed that the town must back the code enforcement officer, police, and fire departments in enforcing regulations and closing the building to prevent potential loss of life. He urged immediate action, noting that compassion cannot override public safety.
- C. No Public Hearings
- D. Consent Agenda:
1. Motion to approve minutes from the Selectboard Meeting – January 27, 2026 & January 30, 2026. *Motion by Amber Lambke, seconded by Elijah Soll. Approved 5-0.*

 3. Motion to authorize Jason Finley and Nick Nadeau to execute and expend the close sale agreement of \$16,000 for the turnaround parcel at 153 Red Bridge Rd. from the Sale of Town Owned Property Capital Reserve. *Motion by Kevin Nelson, seconded by Ethan Liberty. Approved 5-0.*

Re: Municipal Stair Shoring Project- Capital Reserve Request

Dear Board Members,

I respectfully request approval to expend an amount not to exceed \$5,000 from the Municipal Building Capital Reserve account, Repairs Designation. The balance in this account is currently \$68,850. This request is to deal with unforeseen structural conditions after demolition was completed by the contractor. The existing building plans conflict with actual field conditions that could not have been anticipated.
